

The Plant Walk™

A complimentary service from
Guardian Business Solutions

Get Expert Perspective

For the better of 20 years, Guardian has been helping business owners and plant managers find ways to optimize performance and profits.

Put that expertise to work for you with The Guardian Plant Walk.™ Gain fresh perspective and guidance from our principals who have impacted over \$1.05 billion in revenues in facilities just like yours. The Plant Walk™ offers:

- A Guardian principal on site for 2 – 3 hours
- Same-day on-site feedback and input
- Documented findings and recommendations
- Post walk-through strategy debrief with senior management

When: Ask us today

Where: Your facility

Cost: Complimentary

Qualifications: Owner or plant manager

Guardian Business Solutions

Guardian Business Solutions is an established ERP solutions provider. Guardian's core team has decades of collective experience exclusively helping manufacturers in the metal fabrication, plastics, foundry, capital equipment and medical device space. That experience has fine-tuned our process and ability to seamlessly bridge the gap between processes and technology. Guardian's understanding of manufacturing enables us to deliver practical, business-forward solutions, which our clients can successfully implement and in this way expedite their return on investment.
